To His Honour,  
GEORGE HEDLEY VICARS BULYEA,  
Lieutenant Governor of the Province of Alberta.

MAY IT PLEASE YOUR HONOUR:

The undersigned begs respectfully to present to Your Honour the report prepared with respect to the chief transactions of the Department of the Provincial Secretary and Registrar of Alberta during the twelve months ending 31st day of December, 1912, which includes the following reports:

Report of The Deputy Provincial Secretary and Registrar of Companies;

Report of The Medical Superintendent, The Hospital for the Insane, Ponoka, and

Report of The Warden, The Provincial Gaol, Lethbridge.

Respectfully submitted,

A. J. MCLEAN,  
Provincial Secretary and Registrar  
of the Province of Alberta.

Provincial Secretary's Office,  
Edmonton, February 28th, 1913.

EDMONTON, February 1st, 1913.

To the Honourable,

ARCHIBALD J. MCLEAN, M.P.P.,

Provincial Secretary and Registrar of the Province of Alberta,  
Edmonton, Alberta.

DEAR SIR,—I have the honour to submit the annual report of The Department of the Provincial Secretary for the fiscal year ended December 31st, 1912, showing details of the various services rendered by the department during that period.

#### INCORPORATION OF COMPANIES.

During the past year seven hundred and thirty-one Certificates of Incorporation were granted with an aggregate capital stock of \$91,351,883.33, and in addition there were fifty-two Supplementary Certificates issued, thirty-two of which were to increase the capital stock of existing companies by the sum of \$5,415,000.00.

The following table shows the number of companies incorporated under The Companies Ordinance since the inauguration of the Province, September 1st, 1905:

YEAR	NO. OF COMPANIES INCORPOR- ATED	AGGREGATE CAPITALIZATION
1905-6—Sixteen months.....	161	\$18,552,000 00
1907.....	198	22,166,950 00
1908.....	137	11,917,950 00
1909.....	200	19,386,000 00
1910.....	300	31,474,625 00
1911.....	573	72,455,100 00
1912.....	731	91,351,883 33
Total.....	2,300	\$267,304,508 33

A large increase in the number of companies incorporated in 1912 may be noted in comparison with the figures for the year 1911. Another feature, too, while many of these incorporated in former years remained for some time in charter state, nearly every company incorporated last year utilized their charters to commence business immediately. In the appendix is a list of companies struck off the register. A majority of these have practically been defunct for years.

#### REGISTRATION OF FOREIGN COMPANIES

The number of Certificates of Registration to Extra-Provincial and Foreign Companies under the Foreign Companies Ordinance, during the

year 1912, was 168 as compared with 92 in the last previous year. The total capitalization of new companies was \$142,492,400.00, as compared with \$111,748,000.00 in 1911.

The following table gives the number of companies registered in Alberta each year since the establishment of Alberta as a province:—

YEAR	NO. OF COMPANIES REGISTERED	TOTAL CAPITALIZATION
1905-6—Sixteen months. . . . .	60	\$52,405,000 00
1907. . . . .	58	47,425,000 00
1908. . . . .	43	31,312,000 00
1909. . . . .	80	83,343,000 00
1910. . . . .	85	78,922,000 00
1911. . . . .	92	111,748,000 00
1912. . . . .	168	142,492,400 00
Total. . . . .	586	\$647,648,300 00

Many leading English, American and Canadian commercial and financial institutions have established Agencies in the Province, which plainly indicates that business men and financiers have shown a keen appreciation of the opportunities existing in Alberta. Dutch and French capital is also represented in the above figures and their investments are largely in mortgage loans in the Province. Companies registered from Germany have investments largely in our lands and coal.

The number of Proclamations, Commissions, Certificates of incorporation and Registration, and Licenses issued by the department were:—

Proclamations. . . . .	9
Commissions—	
Justices of the Peace. . . . .	160
Notaries Public. . . . .	165
Commissioners within the Province. . . . .	657
Commissioners without the Province. . . . .	29
Coroners. . . . .	18
Issuers of Marriage Licenses. . . . .	58
Auctioneer licenses issued. . . . .	280
Peddler licenses issued. . . . .	34
Marriage licenses issued. . . . .	3,935
Certificates—	
Under The Companies Ordinance. . . . .	731
Under The Foreign Companies Ordinance. . . . .	168
Under The Dairy Ordinance. . . . .	1
Under The Congregations Holding Act. . . . .	14
Under Chapter 43, 1907, I.O.O.F. Lodges. . . . .	5
Under Chapter 22, 1908, Masons' Lodges. . . . .	1
Under Provincial Seal. . . . .	122
To change names of companies. . . . .	20
To increase capital of companies. . . . .	32

#### REGISTRATION OF MOTOR VEHICLES.

Since the passing of the first Act respecting the operation of motor vehicles on the highways of Alberta the administration of the Act has been with the department. The following is a statement of the permits issued, and of the income received:

	1906	1907	1908	1909	1910	1911	1912
Permits Issued .....	41	96	182	275	699	1,700	2,835

Chauffers' Licenses Issued .....							277
Chauffers' Fees .....							\$813 00

## REVENUE

The revenue of the department for the year was \$281,376.39 as against \$77,700.61 for 1911, an increase of \$203,675.78. This amount is largely in excess of any previous year. The following itemized statement shows the sources from which the revenue was derived.

## PUBLIC INSTITUTIONS

The care and maintenance of prisoners in The Provincial Gaol at Lethbridge and The Hospital for the Insane at Ponoka has added to the work of the department and the humanitarian methods employed in the treatment of these unfortunates is producing splendid results.

The reports of the Warden and Medical Superintendent of the respective institutions will be found attached hereto.

The Administration of The Corporations Taxation Act was placed under this department in 1911, and a statement showing the gross premiums of Insurance Companies, and the Investments of Insurance, Loan, Land and Trust Companies will be found in the appendix of this report.

A complete list of all companies incorporated and registered during the year under the various Ordinances and Acts for that purpose is attached to this report.

All of which is respectfully submitted,

E. TROWBRIDGE,  
Deputy Provincial Secretary and  
Registrar of Companies.

THE PROVINCIAL GAOL,  
Lethbridge, January 6th, 1913.

To the Honourable,  
THE PROVINCIAL SECRETARY,  
Edmonton, Alberta.

DEAR SIR,—

I have the honour, herewith, to submit my Second Annual Report of the Provincial Gaol, for the year ending December 31st, 1912.

POPULATION.

Our average prison population for the twelve months has been 125, and on the whole their health has been excellent.

We have had two deaths from natural causes during the year, one Jas. B. Rhoden, a negro, aged 56, had served his time and was being held by Dominion authorities for deportation, died of pulmonary tuberculosis on January 17th, and the other, James Shaw, aged 58, was quite ill when he came here, and gradually grew worse. We had him taken to Galt hospital for better nursing and care. He was there three weeks and died on December 5th from some stomach trouble, probably cancer.

One Frederick L. Carlson was received at this Institution on April 20th, under sentence of death by hanging. This sentence was carried out on June 19th, with efficiency and dispatch.

WORK.

Farm.—We had about 160 acres in crop this season. We prepared the soil well and were repaid by getting a good yield, considering the drought in early summer. This dry spell ruined some of our small vegetables, which had to be re-sown.

Cultivating this crop gave our men splendid exercise in the open air, which has a good effect on them physically and morally. Attached herewith you will find a report of what we raised on the Farm this year.

Besides this we broke about 45 acres and cultivated it well, plowed it a second time and have it in splendid shape for crop next season. We also did considerable work on preparing the Grounds in front of the Gaol and getting ready to plant trees and shrubbery in the spring.

The teams have been busy hauling large quantities of gravel and sand from the river and also manure from the city, to be used on the farm.

We completed the road through the lake, in front of the Gaol and it has stood in first-class condition all year. We also have begun work on the road through the lake at west end of our Farm. This will not be so long as the lake is not so wide at this point.

In the early summer we enlarged the Live Earth Beds (septic tank) by constructing an addition, that more than doubled our capacity. We built an addition to our Stables, doubling their capacity as well. We also built two large Root Houses, 16 ft. x 56 ft., to house our vegetables, potatoes, etc. A large brick house has been built on the premises, a splendid home for the Warden.

## CROPS RAISED ON GAOL FARM DURING YEAR 1912.

CROP	YIELD	PRICE	VALUE
Wheat.....	355 bu., 5 lbs.	70c. per bu. ....	\$ 248 55
Oats.....	4,053.29 bu.....	\$20 per ton.....	1,378 12
Barley.....	79.48 bu.....	45c. per bu.....	35 76
Peas.....	127.73 bu.....	\$1 per bu.....	127 73
Potatoes.....	200 tons.....	1c. per lb.....	4,000 00
Beets.....	45 tons.....	1c. per lb.....	900 00
Turnips.....	85 tons.....	1c. per lb.....	1,700 00
Cabbage.....	2 tons.....	1c. per lb.....	40 00
Pigs.....	.....	.....	359 30
1 colt.....	.....	.....	150 00
Total.....	.....	.....	\$ 8,939 46

Much other important work has been accomplished, as building a wall 12 feet high around an enclosure for exercise purposes and as a much needed protection to our kitchen and dining rooms. The interior of the gaol building has been whitewashed and made as sanitary and cheerful as possible.

Some extensive alterations have been made in the heating system of the cell house, preparatory to changes we purpose making in the spring, which will considerably increase our capacity for caring for prisoners.

We have 45 head of cattle and 50 hogs being fed on the premises to supply meat for use at the institution, which will be much cheaper than would be supplied by the meat markets.

## BROOM FACTORY

Having difficulty in finding suitable employment for our men in winter months, we have found it necessary to introduce factories of some kind and have installed a broom factory as a beginning. We will begin the manufacture of brooms early in the New Year and if this proves the success we anticipate, others equally important will be introduced.

## ROAD WORK

Perhaps the most important work accomplished this year has been the grading of main trunk roads through the country adjacent to this institution.

In the early summer we sent out two camps of prisoners to grade roads. At first it was an experiment and we were full of forebodings as to the outcome but as the season wore on we were fully convinced, not only of its feasibility but of its having a splendid effect on the discipline of our institution. Every man has an ambition to go out to the road camp, where he enjoys more liberties and earns a small wage daily, which helps to keep those dependent upon him or is of great assistance to himself on his release.

We graded fifty miles this season and the work done has been the admiration of all and won high praise from the general travelling public. When winter came on and the ground was frozen so this work could not proceed profitably, these men established winter quarters at Nolan's Ferry, where they are employed hauling material for the bridge which is being constructed there.

It was my privilege to attend the American Prison Association which met at Baltimore, Md., November 9th to 14th, where I learned many things in connection with modern methods of handling and caring for prisoners. It is a privilege which I fully appreciate, to come in personal touch with the best men in prison work on this continent and listen to the papers and discussions on these important questions. I desire here to thank you for making this possible to me.

I also visited the Maryland State prison, the Central Prison, Toronto, and Prison Farm at Guelph during the year.

And now in closing permit me to thank you, sir, most sincerely for your wise counsel and timely assistance throughout the year. The officials of your department with whom I have had to transact business have been kind, courteous and punctual, replying with dispatch and efficiency to any necessary business correspondence. I thank them for their kindly interest.

The officers and employees at this institution have discharged their respective duties with loyalty and efficiency and merit my heartfelt gratitude.

Statement showing cost per capita and other statistics is appended hereto.

I have the honour to be, sir,

Your obedient servant,

J. H. RIVERS,  
Warden

## THE HOSPITAL FOR THE INSANE,

Ponoka, January 14th, 1913.

HON. A. J. MCLEAN,  
Provincial Secretary.

Sir,—I have the honor to submit to you the annual report for 1912, of the hospital for the Insane, Ponoka, along with the usual statistical tables.

On the first day of January, 1912, there were in residence 134 males and 57 females, a total of 191. At the close of the year there were 152 males and 71 females, a total of 223 patients resident in the Hospital. This gives an increase of 32 patients for the year. If the population of Alberta be estimated at about 400,000, this gives the Institution an average of one insane person in 1,800, which is remarkably small when compared with older countries.

During the year, 79 males and 36 females, a total of 115, were admitted.

The number of patients discharged was 60. Of these, 35 males and 16 females, a total of 51, left the institution recovered; 3 males and 2 females, a total of 5 improved; and 4 males not improved.

The deaths numbered 21, viz: 17 males and 4 females.

The above discharges include 13 deportations, 11 males and 2 females, as follows:—

	MALES	FEMALES	TOTAL
United States .....	7	1	8
England.....	..	1	1
Scotland.....	1	..	1
China.....	1	..	1
Japan .....	1	..	1
Manitoba.....	1	..	1
Total.....	11	2	13

During the year 10 patients, 4 males and 6 females were sent out on probation. In the case of 3 of these the period of probation (six months), has expired.

The recovery rate, based on the total admission, amounts in the case of the males to 44·3 percent, and in that of the females to 44·44 percent. In the case of the combined sexes, therefore, the recovery rate is 44·37 per cent.

The death rate, estimated on the average number resident, is for the males 11·72 per cent and for the females 6·15 per cent, or for both sexes 10 per cent. Based on the total number under treatment, these rates are respectively 7·98, 4·30 and 6·36 per cent.

The general health of the patients has been very good. No case of infectious disease nor colitis (asylum dysentery) has occurred during the year. This satisfactory state of affairs must be attributed to the good hygienic conditions prevailing, and the pure, though somewhat hard, water supply.

The hydro-therapy department is used whenever indicated. The continuous bath is in frequent use, and is very serviceable in calming the excitement of maniacal cases.

The patients have music three times weekly at their evening meal, and an occasional gramophone concert. The music is much appreciated by them and no doubt aids in the treatment towards recovery.

Divine service is held in the dining hall every Sunday by the clergy of the various denominations in Ponoka, five in all, in turn. The average attendance is about one hundred. Mass is celebrated by the Reverend Van Wetten, of Wetaskiwin, on the third Monday in each month.

The new building was opened for the reception of male patients on November 4th, and 75 men were transferred from the main building. There is accommodation for 122 patients in all. The day rooms are large and cheerful, and, on account of the southern aspect, are bright and sunny at this time of year. The patients seem very pleased with their new surroundings, and there is a noticeable improvement in their general conduct. The basement makes a very serviceable dining hall and could easily seat two hundred. An airing-court with direct access from both buildings has been constructed. It is spacious, well sheltered, and has the advantage of not appearing to be enclosed.

Last summer a start was made in preparing a lawn in front of the building. This year we hope that much more will be accomplished in laying out the grounds and making drives. A football team, composed of attendants and patients, was got together during the summer and played several matches with local teams. A suitable ground for sports is much needed. We would suggest that a gang of laborers be employed to lay out the grounds and recreation field, and so complete the work without delay. All the patients available for outside work were fully occupied on the farm and garden throughout the summer. Between thirty and forty men were thus employed.

Much progress has been made in clearing the land on the farm. Fifty-two acres were broken, forty with steam plow and twelve with horses. This is ready for cropping next season. Below is a table of crops and yield:—

CROP	NO. OF ACRES	TOTAL YIELD	YIELD PER ACRE
Oats.....	63	3,121 bu.	49 bu.
Barley.....	25	578 bu.	23 bu.
Wheat ..	5	131 bu.	26 bu.
Turnips.....	8	5,600 bu.	700 bu.
Potatoes.....	10	1,782 bu.	178 bu.
Table Carrots.....	5	760 bu.	152 bu.
Field Carrots.....	..	8 loads .....	
Green Feed.....	15	30 tons	2 tons

The yield of oats and barley was reduced owing to wet patches caused by the excessive rain-fall.

There are sufficient potatoes, turnips and carrots in store for domestic use to last until next season, and it is unlikely that there will be any need to buy canned vegetables. In order to supply the needs of the Hospital, five acres were planted with vegetables, viz., onions, lettuce, spinach, swiss chard, green peas, cabbage, cauliflower, beet, broad beans, leeks, parsnips, parsley, etc. The onion crop was particularly good, and the patients seemed to like this vegetable as much as anything. About half

an acre of rhubarb was planted, this should reduce the expenditure on dried fruits next year.

The following is a list of the live stock on the farm:—

Horses—9 draught, 2 yearling colts.  
Cattle—35 cows, 1 Ayrshire bull, 4 spring calves, 5 young calves.  
Pigs—35 stockers, 1 boar.  
Sheep—626  
Poultry—142 hens.

The milk, about fifty gallons per diem, is at present supplied by 28 cows. On an average two cows calve each month and thus help to keep the quantity constant.

The undermentioned animals have been killed for the use of the institution:—

Cattle—12 fat cows, 2 steers, 2 heifers and 20 calves.  
Pigs—44.  
Sheep—2.

Ninety-three fat pigs were sold at prices varying from \$7.50 to \$7.75 per cwt.

The following were constructed last year:—

Cold storage for Meat.

We are well supplied with newspapers and magazines and have a well equipped library for the number of patients.

The average cost per patient per month is \$15.76 and the following table gives the details:—

Note on Per Capita Statement.—Returns are made of all products of the Farm and Garden, as received, charges being made against the cost of maintenance. At the end of the year the value per patient per day of such products—vegetables, meat, eggs, etc., is deducted from the gross cost and appears in the statement as "Farm Recoveries."

The greater part of the sewing is done by the female attendants and patients. Practically all the men's shirts, women's dresses, nurse's uniforms and aprons are made by them. This year we propose making an attempt to knit the stockings and socks required by the patients.

The laundry continues to give satisfaction. About 1800 articles are washed each week.

A male patient, who is a very fair cobbler, keeps in repair the harness and the patients' boots and shoes.

In concluding, we desire to express our indebtedness to the various departments for their support and assistance.

I have the honor to be, Sir,

Your obedient servant,

THOMAS DAWSON,

Medical Superintendent.
